* Indicates required question

Capstone Project Proposal

Project Title *

Your answer

Abstract:

*

Provide a brief overview of your project, highlighting its purpose, scope, and objectives.

Your answer

Problem Statement:

*

Describe the problem your project aims to address or the opportunity it seeks to leverage.

Your answer

Goals and Objectives:

*

Goal 1: State your primary goal for the project.

Goal 2: State any additional goals or objectives.

Your answer

Features:

*

Outline the main features and functionalities of your project as referenced in your Project Requirements document. Break them down into core features and stretch goals.

Your answer

Technologies:

*

List the technologies, frameworks, and tools you plan to use for the development of your project.

Your answer

Architecture:

*

Provide an overview of the system architecture. Please include links to any mockups, diagrams or outline if applicable.

Your answer

Timeline:

*

Outline the project timeline, including key milestones and deadlines.

Your answer

Risks and Mitigation Strategies:

*

List potential risks or challenges that may arise during the project and strategies to mitigate them.

Your answer

Test/Evaluation Plan:

*

Describe how you will evaluate the success of your project. This may include testing methods, user feedback, or performance metrics.

Your answer

A copy of your responses will be emailed to the address you provided.
